The screenshot shows a web browser window with the URL www.auth.gr/en. The page header includes the university's logo and name, a search bar, and navigation links for 'INTERNATIONAL', 'ECO-AUTH', 'e-AUTH', and 'Linked-AUTH'. Below the header is a dark navigation bar with links for 'THE UNIVERSITY', 'STUDIES', 'RESEARCH', 'ADMINISTRATION', and 'LIFE IN AUTH'. The main content area features a large image of Plato and Aristotle from Raphael's 'The School of Athens'. Overlaid on the image is the text 'Aristotle's Theory of "Prime Matter" and Contemporary Physics'. A text box on the right side of the image contains the following text: 'Aristotle's philosophy of nature has attracted less attention compared with other aspects of his work largely due to the belief held that the Greek philosopher thunderously failed to support his views. Is this true, though?'. The browser's taskbar at the bottom shows various application icons and the system clock displaying 5:18 μμ.
